200 ATTEND OPENING OF M. E. CONFERENCE

North Missouri Delegates Gather for Ninety-Seventh Session in First Methodist Church Beginning Today—Bishop Thirkield Presides

J. W. ANDERSON IS RE-ELECTED SECRETARY FOR ELEVENTH TIME

Marceline Minister Remains Choice of Audience for Eleventh Consecutive Time—O. L. Sample is Treasurer—Two Speeches Today

The ninety-seventh annual conference of the Methodist Episcopal church of North Missouri was opened in the First Methodist Episcopal church at 9 o'clock this morning by Bishop Wilbur P. Thirkield, with more than 200 delegates and their families in attendance. The general voice of those attending indicates that the conference opening here will probably be one of the largest attended and has one of the best arranged programs of any heretofore held.

Almost the entire auditorium was filled during the business session this morning, while the number was materially swelled during this afternoon's services. Many persons living in Maryville, some of other denominational beliefs, attended.

Immediately following assembly this morning, the sacred communion service was held with the entire assembly participating. Memorial services to ministers of the various districts and their wives, who have died since the last conference, then followed.

Six Die Within Year.

The Rev. J. J. Bentley of the Ensworth hospital at St. Joseph delivered the memorial address. Those members of the conference who have died since the previous meeting are: The Rev. E. B. Carter, the Rev. Lucien E. Powell and the Rev. Homer J. Wilson. Wives of ministers who have died within the last year are Mrs. J. E. Rutledge, Mrs. Nancy (Boyle) McKnight and Mrs. Maggie P. Robbins.

The Rev. Fletcher Homan, traveling secretary of the church temperance society followed Mr. Bentley with an enthusiastic talk in behalf of an organization which he represents. He also called attention to the world's temperance day, Sunday, November 1.

The organization of the conference for the ensuing year closed the morning session. The Rev. J. W. Anderson was re-elected secretary for the eleventh consecutive year, while he also held that office for seven years preceding. The Rev. E. L. Robinson was elected statistical secretary. The Rev. O. L. Sample was elected treasurer.

"Call of Ministry."

The Rev. George P. Sturgess of Stanberry, pastor of the Methodist church there, delivered the opening address at the conference session this afternoon. He is considered an able speaker with an always interesting topic. He has held pastorates since 1891, and in several states. He went to Stanberry from Memphis.

He filled in the niche of the program, which the Rev. Fred B. Fisher of New York City, secretary of the finance commission of the church, was scheduled to occupy. Mr. Fisher, however, was unable to be present, as announced several days ago, on account of a meeting in New York.

Mr. Sturgess was followed by the Rev. Joseph M. M. Gray of Kansas City, pastor of the Grand Avenue Methodist church. He spoke on "Our Call," in which he dwelt upon the ministry and the field and the opportunities there for the young man and woman.

Freedmen Meet Tonight.

The program for tonight is: 7:30 p. m.—Anniversary of Freedmen's Aid society, with J. H. Walker presiding. Addresses will be made by I. C. Garland Penn, colored, of Cincinnati, corresponding secretary of the society, and by the Rev. A. H. DeLong, D. D., field secretary of Ensworth hospital at St. Joseph.

The program tomorrow follows: 8:30 a. m.—Business session. 2:00 p. m.—Veterans' anniversary. 3:00 p. m.—Lecture, "Our Preaching," by Dr. Gray.

7:30 p. m.—J. H. Thompson, presiding. Anniversary temperance society. Address, Rev. H. G. McCain, extension secretary of temperance society. Address, Judge William H. Wallace of Kansas City, Mo.

Mr. and Mrs. Jesse Mildward of Burlington Junction report the birth of a nine-pound son yesterday. Mrs. Mildward is a daughter of W. A. Hooper, living northeast of the city.

GIVE AGRICULTURAL LECTURE.

Three Rural Schools Combine for Educational Addresses.

An illustrated stereopticon lecture on agriculture will be delivered at the Harmony community church tomorrow night by Prof. John E. Cameron, a member of the State Normal faculty here. It, as well as several other contemplated lectures for the school term, is under the direction of Miss Blanche Bloomfield of the Moore school.

The three rural schools of Harmony, Moore and Champaign each year co-operate in bringing educational lectures to the community, of which the Harmony church is the center.

Corn and other farm products and domestic science work also will be exhibited in the basement of the church tomorrow night in conjunction with the lecture. The exhibits are furnished by school children of the three districts. After being shown there, they will be exhibited at the corn show to be held during the home-coming celebration here next week.

S. A. Allen of Trenton arrived in the city yesterday to visit his son, W. H. Allen, and family.

TEST SANDPOINTS

NEW WATER SYSTEM FURNISHES SIX-INCH STREAM.

GIVE SERVICE TODAY

Output of Eight Wells Pumped Into Reservoir "Is Clear and Good," Says Installer.

A test of the sandpoint system of the municipal water works was made yesterday, with the result that all proves satisfactory, in the opinion of W. A. Hooper, who has had charge of the installation recently. E. L. Townsend and R. L. McDougal, members of the board of public works, also witnessed the test. Both are said to have expressed satisfaction.

"It pumped perfectly free and the water was clear as crystal and of an extremely pure taste," said Mr. Hooper last night. "We shut off one of the eight points for awhile and could not notice the difference. The stream went just as strong as ever. There is no question but what the city has solved the water problem for all time to come."

"I do not believe there will be a shortage of water, even in dry weather, hereafter, with acres and acres of land to draw from through the sandpoints. We intend to install one more point this fall, then await developments. If the pressure and supply appear strong enough the work may stop, temporarily at least."

Mayor U. S. Wright, in commenting on the situation, said it was the intention to use continually from the sandpoint system if it proves entirely satisfactory to the consumers. However, he said some of the supply necessarily may have to come from the river, unless the sandpoints produced a constant flow.

The tendency of the sandpoint product to contain a small quantity of iron, derived from the gravel strata, which the points enter, also may be noted in the water, it is said. The fact that the 102 river water is "soft" and the sandpoint product is "hard" likewise may cause many housewives to prefer the river water, especially on "blue Monday," which likewise is wash day.

The sandpoints extend down from the surface an approximate distance of thirty feet, the last ten feet being in the sand or gravel strata, from which the water is derived. If necessary a larger pipe than the present 6-inch one which is used to carry the water from the points to the reservoir will be installed, Mr. Hooper said.

GIVE FIRST LYCEUM NUMBER

Large Crowd Attend Opening Concert—Musical is Appreciated.

A large crowd assembled last night at the First Christian church to attend the opening number of the Maryville Lyceum course. In addition to the holders of season tickets, many others were present last night to hear this special musical number which was given by the Mme. Scotney Concert company. The entire program was a musical delight. The company of artists appearing with the Prima Donna, shared equal with Madame Scotney in the honors of the evening. Some of the most difficult musical compositions were brilliantly scored. All of the numbers were highly appreciated.

The Lyceum course has opened under the most auspicious conditions this winter. The numbers selected are of the very best talent and the ticket sale has greatly exceeded that of last winter.

WASHINGTON PLANS EXHIBIT

Southwest Township to Contest in the Corn Show—Farmer Aids Exhibitors

That the boys and girls of Washington township will give all others a close race for prizes in the corn and domestic science show to be held here next week during the Homecoming celebration, is the word that comes to County Superintendent W. M. Oakerson. A. Ross Hill, of the famous "Hilltop" farm, near Guilford, reports that a large number of boys and girls have signified their intentions of taking part in the contests.

As an extra inducement Mr. Hill, who is the breeder and originator of the "Ornamental Ribbon" brand of maize, offers to give each exhibitor in the show here, a small quantity of his prize seed corn.

SHOW PARCEL POST

UNCLE SAM WILL DEMONSTRATE NEXT WEEK.

A HOMECOMING FEATURE

Various Containers and Directions for Shipping Articles by New Method Will Aid Visitors.

An exhibit which probably will be of interest to many who attend the homecoming events next week will be a parcel post exhibit in the Buchanan building, Third and Buchanan streets, where the corn and other exhibits will be that week. The exhibit is arranged to bring the parcel post facilities of the post-office to the attention of the patrons.

In addition to the exhibit there will also be many circulars distributed giving such information as the rates of postage, classification, insurance and C. O. D. features, wrapping and many other things in regard to parcel or fourth class mail. The circular is prepared by A. M. Dockery, third assistant postmaster general, formerly governor of Missouri.

The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any postoffice in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. The fourth class matter embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes.

The exhibit will be in charge of Assistant Postmaster Fred French and Eldon W. Irvin. They will be at the booth to explain and demonstrate the parcel post facilities and to give any information patrons may desire.

The exhibit will consist of many containers or boxes in which to ship eggs, vegetables, fruits, butter and poultry, and also many other articles of the farm. Also for the business men and the other people, there will be boxes and containers shown as the best way of sending articles by parcel post. There are various samples of egg boxes to hold from one dozen up to four dozen of the hen fruits. In addition there will be many folders and circulars on how to pack articles for parcel post.

Guests at the Dean Home.

Rev. and Mrs. L. C. Sappenfield of Burlington Junction arrived in the city this morning to attend the conference. While here they will be the guests of Dr. and Mrs. L. E. Dean. Mrs. Dean's mother, Mrs. John Steele is also a guest at the Dean home, arriving in this city today from Mound City.

LINCOLN VOTES OCTOBER 31.

Northwest Township Will Decide About \$25,000 Road Fund Again.

The county court set aside Saturday, October 31, for a special election in Lincoln township to vote on a \$25,000 bond issue for bridges and roads. This will be the second election in that township. The proposition was defeated the first time by 26 votes. It is believed the bond issue will carry this time. Many are working for it. The petition presented to the court requesting such an election was signed by 62 voters of that township.

The judges and clerks appointed for the special election are:

North district—J. M. Tudder, J. W. Ferguson and C. E. Graham, judges; Z. T. VanSickle and C. E. Bowman, clerks.

South district—George Tates, Earl Brown and George Crowdes, judges; Eugene Humphrey and Fred Jones, clerks.

CARTER CASE GOES TO JURY

Defendant in \$5,000 Damage Suit Abides by \$500 Verdict.

The jury which is trying Arthur Carter of Fairfax, charged with manslaughter in circuit court began its deliberation of the evidence in the case at shortly after 1 o'clock this afternoon after a trial which began yesterday morning. The submission of testimony was concluded late yesterday afternoon. Arguments by counsel in the case were begun at 9:45 o'clock this morning and concluded at 1 o'clock this afternoon.

Carter is alleged to have caused the death of Charles Wood, a farmer residing near Barnard last April, when his racing automobile is said to have thrown Wood against his wagon.

Joseph Coleman, defendant in a \$5,000 damage suit brought by Catherine Peve, which resulted in a \$500 verdict for Mrs. Peve in the April term, dismissed a motion for a new trial this morning. He was charged with having seduced Nettle May Peve, 17 years old, the plaintiff's daughter about three years ago. The defendant is a comparatively young man. His father has died since the suit was instituted. Worry over the case is believed to have hastened his death.

The case of Charles Reed against Samuel Kime, which was appealed from justice court, was submitted to a jury at 3 o'clock this afternoon, following submission of evidence. Arguments by counsel were salvaged. Reed sued Kime for account on labor. Kime then filed a cross bill. Both will be considered by the jury in the same deliberation. All are residents of Ravenwood.

Judgment by default for William R. Tilson, county treasurer, was rendered this morning in a suit for back taxes against Stephen S. Pistole. It was for four years taxes on two lots in Maryville.

A similar suit against Dennis Reynolds was continued.

A replevin suit of John P. Roelofson against O. R. Wertz was dismissed. Wertz also waived damages on the replevin bond.

Daniel Taylor, who was given a two-year sentence in the penitentiary by a jury last week files a motion for a new trial. Taylor was charged with carnal knowledge.

The suit of the First National bank vs. E. S. Cook and A. J. Holt, note, was dismissed by the plaintiff.

The case of Scott Cogdill was continued on application and at cost of defendant.

Member of Company at Empire Tonight in Second Concert Here.

Mrs. Georgette, a member of the Swiss bell ringers company playing tonight at the Empire theater, is making her second appearance in Maryville.

The first was about twenty years ago, and she played in the old Sam Arnold opera house, on West Third street.

Many people in the city remember the appearance of the company that gave what then was a very novel performance.

Mrs. Georgette was then quite a small girl and was traveling with her parents in the concert company. She and her people are native Swiss and her parents gave the first bell ringing concert ever given in America. The company at the Empire tonight includes Mr. and Mrs. Georgette and their daughter.

GERMANY WARNS ROUMANIA

Notification Practically Amounts to an Ultimatum and May Mean War.

Vienna, Oct. 7.—Dr. von Waldthausen, the German minister at Bucharest, has formally notified the Roumanian government that Germany is determined to declare war on that country if Roumania threatens Transylvania.

The notification practically amounts to an ultimatum and for that reason a meeting of the cabinet was summoned. It had to be postponed, however, owing to the illness of the king, who is suspected of a diplomatic alignment.

Missing Italian Submarine in France.

Rome, Oct. 7.—The Italian built submarine which disappeared while undergoing a trial trip in the Gulf of Spezia arrived at Bastia, a seaport town of France in Corsica. The submarine, which had just been completed in a private yard near Spezia for the Russian government, was under the command of Lieutenant Angelo Bellini, retired, who was reported to have expressed dissatisfaction over the neutral attitude of Italy in the war.

Column of Germans Bound For France.

London, Oct. 7.—A dispatch to the Times from Ostend says: "A very important movement of German troops in southern Belgium is reported. A column, 2,000 strong, of horse and foot artillery, with a commissariat convoy and wireless apparatus, marched through Templeuve, five miles north of Tournai, in the direction of the French frontier to the west. All the troops were young men."

CONFERENCE NOTES.

The Rev. E. L. Robinson of Westboro, who was elected treasurer for the ensuing year at this morning's session, formerly held a pastorate in this county. He was pastor of the Methodist Episcopal church in Skidmore in 1888, coming to this county from St. Paul. He has been pastor at Westboro since 1897. Other pastorate have been held at Osborn, Ridgeway, Fillmore, St. Joseph, Louisiana, Laclede and Princeton.

The Rev. J. J. Bentley, now of Ensworth hospital at St. Joseph, and who delivered the memorial address at the conference this morning, formerly lived in Maryville while superintendent of this district. This was from 1898 to 1902.

Every session of the conference is an open session and the public is cordially invited to attend them.

The Rev. C. O. Kimball, the new pastor of White Temple church of St. Joseph, was among the many visitors to-day. He succeeds the Rev. Mr. Day there.

Revs. Calvin Allen of Laclede, Eri Edmonds of Hopkins and W. H. Welton of Skidmore and J. E. Rutledge, formerly of Cameron, now of Waterloo, Ia., aged pioneers in the ministry, are attending the conference. Mr. Rutledge has been a member for twenty-six years and a pastor since 1858. He is 80 years old.

Some good music is being furnished by the conference quartet, composed of the Revs. J. W. Anderson, E. C. Morgan, A. S. Watson and E. W. Crow.

Miss Eunice Brink, a deaconess from the National Training school of Kansas City Mo., is a conference visitor.

Ask About Him.

If you are sick and have not been able to find relief for your ailment, make inquiries of your neighbors and friends regarding Dr. Pettymann's success in such cases.

He has been coming here for many years and his work has been productive of much good. Besides that, he is reliable, trust worthy and merits the reputation he has made.

Investigate him and then try him. He charges nothing for consultation and his charges are reasonable, if he treats you.

He will be at his office, at the Lido-ville hotel, Monday, October 13, where he can be consulted free of charge.

Nebraska Visitors Here.

Mr. and Mrs. James Chambers and daughter of Fairbury, Nebr., are visiting in Maryville, the guests of Mr. and Mrs. Alfred Shackelford and family. The visitors are making the trip in their auto and will visit relatives at Burlington Junction, Sheridan and other places before returning home.

MISSOURI WOMAN IS WELL AND HAPPY AFTER HEALTH MIRACLE

She Leads Active Life in Country After Recovery by Using Remarkable Remedy.

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to be about.

She took Mayr's Wonderful Stomach Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives out on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Stomach Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spells

I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid.

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Just such happy stories are told by thousands who write after taking Mayr's Wonderful Stomach Remedy. The first dose convinces.

We want all people who have chronic stomach trouble or constipation, no matter how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold here by Pearson's Pharmacy and druggists everywhere.

NO DECISIVE CONFLICT ON SEA OR LAND

Sixty-Third Day of Great War.

BATTLE NORTH OF OISE

Fierce Fighting Continues Upon Left of Aisles.

CENTER COMPARATIVELY CALM

Little Ground Gained by Allies in Heights of Meuse.

That the battle between the allies and the Germans to the north of the river Oise is growing more and more violent is the only statement that has been permitted to winnow through the sieve of official secrecy concerning the conditions prevailing on that part of the long battle line in France.

The military governor of Antwerp has reported to the burgomaster of Antwerp that a bombardment of the city is imminent.

Both Germany and Russia continue to report successes in Galicia.

The French, as an offset to previous similar action on the part of the Austrians, have placed mints in the Adriatic in a zone which comprises "all Austrian water and the channels between the islands and the coast of Dalmatia."

A Berlin dispatch says: "The increased Turkish navy, it is expected, soon will be sailing in the Black sea." No explanation of the statement was vouchsafed.

London, Oct. 7.—The sixty-third day of the great European war saw a repetition of what the peoples of all the countries concerned have forced themselves to expect, perhaps for months to come—no decisive conflict on land or sea.

From Berlin to London came nothing in the way of claims to progress or reverses. From Petrograd came what has dawned without interruption for weeks—persistent claims of progress for Russian arms.

The French official announcement says that a violent battle continues on the left wing north of the Oise.

The communication follows:

"The characteristics of the situation remains the same. On our left wing to the north of the Oise the action is more and more violent. In the center, comparatively calm prevails. A little ground has been gained in the northern part of the heights of the Meuse."

The British press takes occasion to emphasize that while the battle of the Aisne has first claim in the matter of sentimental interest, the present operations of the Russian, German and Austrian armies in the east may first bring the solution of the war.

Petrograd official statements continue to repeat in a general way what has been accepted here as a fact for days—that the German army along the East Prussian frontier has been more or less routed and cut to pieces but as this is only a small portion of the front, it is exceedingly hard to get anything like a clear perspective of the conflict.

What purports to be an official dispatch from Vienna insists in broad terms that the condition of the German and Austrian armies, both in Poland and Galicia, is favorable, and that in attempting to breach the Carpathian mountains at Usack pass, the Russians have been beaten.

Deals With German Stand.

The Petrograd official statement deals entirely with the German stand on the East Prussian frontier, making no mention of the situation either in Galicia or Hungary. "The much heralded battle of Carlow, which it seems all the correspondents anticipated, has yet to be recorded as a matter of history."

From Budapest—not often heard from as a source of war news—came a dispatch saying that though no battle in Hungary had yet been decided, the invaders were being repulsed.

To the long series of national details this war has brought is a statement issued in behalf of the British government, denying the German contention that Great Britain had stored ammunition at Mauthausen prior to the outbreak of the war, thus indicating an intention to violate Belgian neutrality.

From Budapest comes nothing to indicate any change in the situation before Antwerp except a brief statement asserting that the German attack along the line of the river Ruyel and the river Nethe have failed.

British Cruiser Tries to Stop Fruit.

New York, Oct. 7.—The Norwegian fruit steamer Katie, from Barcelona, reached port with a tale of a British cruiser firing a shot across her bow at the entrance to New York harbor. The Katie's officer said that the vessel did not stop and that the cruiser made no further attempt to overhail it, presumably because of its proximity to the neutral zone.

JOY TO DEMOCRATS

MAINE ELECTION SHOWS LEADING PARTY MADE GAINS.

HOLD DOWN EXPENSES

Present Administration Keeps Free From "Fork Barrel" Franks—Republicans Favor Appropriations.

(By W. C. Van Cleave.)

Washington, D. C., Oct. 4.—After thoroughly digesting the returns from Maine, a Republican leader is much depressed, and Democrats are correspondingly optimistic. The Democrats elected their governor, secured control of the legislature and re-elected their one member of congress.

While the new order of things will call for the election of senators by direct vote of the people, the legislature may seem to be an empty prize, but in Maine it is more important than in other states. In Maine all the state officers, with the exception of governor and state auditor, are elected by the legislature, and these in turn name their numerous employees and construct the state machinery. So this was a prize which the Republicans were loath to lose and for which they fought hard.

Congressman McGillicuddy, the Democratic member of congress, increased his majority of 1,200 in 1912 to about 5,000 this year, and Representative Hinds, Republican and author of the famous "Hinds precedents," the parliamentary guide for the house of representatives, had his majority reduced from about 2,500 in 1912 to only a few hundred in 1914. In fact, it was thought for a couple of days that he had been defeated.

Here are two significant things in the Maine election. For the first time in seventy years, with one exception, the combined vote for the Democratic nominees for congress was greater than the combined vote for the Democratic nominees. This is clearly an endorsement of the national Democratic administration. The other is that the Democratic vote showed an increase of 20 per cent over the Democratic vote of 1912. The Republican vote showed an increase of 120 per cent while the Progressives lost 175 per cent.

These two are in the nature of an offset. In 1912 thousands of Progressive Republicans voted for Roosevelt in preference to Taft and split the Republican party in twain. This year many of them went back to their first love, but while they were doing that the Democrats, from some source or other, gained 20 per cent over their big vote in 1912. It has shown a most remarkable gain while the Republican party failed to make up its losses and the Progressives lost greatly.

In the nature of things, real Progressives who have left the Republican party after sober reflection and as a matter of fundamental political differences cannot return to the Republican party in any state. It is the same old party, with the same old ideas and the same old leaders. As a political weather vane, the results in Maine are decidedly significant.

For campaign purposes, Republican members of congress and spellbinders generally are howling loudly about large appropriations. When did a Republican congress ever make a record for economy? During the present congress these same members were reaching continually for bigger appropriations. When appropriation bills were under consideration they helped to pass the bills and offered numerous amendments to make them larger, and complained because they did not succeed in making them larger than they are.

With Gallinger and Smoot officially on the job as watchdogs of the treasury, the total annual budget of the government rose from \$765,000,000 in 1906, to \$1,028,000,000 in 1910. Last year, under Democratic rule, the expenditures were \$1,098,000,000. The present total for the current fiscal year, exclusive of the river and harbor bill, is \$1,089,000,000. Increase under four years of Republican administration—\$250,000,000! Increase since the Democrats have controlled one or both branches of congress—\$70,000,000. If the Gallinger-Smoot combination had remained in the saddle, it is reasonable to suppose that they would have maintained the same percentage of yearly increase. So the Democratic administration has already saved the country about \$300,000,000.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue is Coated or if Cross, Feverish, Constipated Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

HARD PRESSED BY ALLIES

German Attacks Upon Antwerp Forts Becoming Weaker.

Bordeaux, Oct. 7.—News described as "most encouraging" has been received here from Antwerp. It is said that the German attacks on this place seem to be slackening in intensity.

The German troops reported in the official announcement to be near Lille, in the department of Nord, indicated, in the opinion of French observers, that Germany has been forced to draw off forces from Antwerp to relieve the German right wing in France, which is hard pressed by the allies.

It has been announced here by a credible authority that Winston Spencer Churchill, first lord of the British admiralty, is now at Antwerp consulting with the Belgian general staff.

DENIES PRIESTS ARE SHOT

German Atrocities Tales False, Cardinal Bettinger Asserts.

Berlin, Oct. 7.—According to a statement made by his eminence, Cardinal Bettinger, the highest Roman Catholic authority in Bavaria, the statements appearing in English and American newspapers that priests have been shot and bayoneted by German soldiers while attending the wounded in Belgium are to be considered as absolutely without foundation. A manifesto signed by prominent savants and artists indignantly protests against what is termed "excessing lies about the pretended barbarous warfare of the Germans."

Austrian Envoy Says Russ In Flight, Manchester, Mass., Oct. 7.—Dr. Dumba, Austro-Hungarian ambassador to the United States, said he had received the following official message by wireless from Vienna:

"Our troops progress victoriously in all defenses in the Carpathians against the Russians, who are fleeing in disorder. Two Montenegrin brigades, which penetrated eastern Bosnia, were crushed after two days' sanguinary fight and are fleeing over the frontier in a panic. Several Austrians found in horribly mutilated state. Whole Serbian battalion captured by us in northern Bosnia."

"No Alum"

must be the watchword when the housewife buys baking powder.

Alum is well known to be a powerful astringent, and should never be used in food.

Prof. Geo. F. Barker, M. D., of the University of Pennsylvania, says: "I consider the use of alum baking powder highly injurious to health."

Food economy now, more than ever, demands the purchase and use of those food articles of known high quality and absolute purity and healthfulness.

YOUR SURPLUS POULTRY.

How to Make a Few Extra Dollars in the Poultry Business.

Col. E. L. Andrews of this city had the following to say in last week's Missouri Farmer on how to make a few extra dollars out of your surplus poultry:

As feed is high, now is a good time to cull the flock, keeping your fowls nearest to standard requirements to breed from next spring. If you do not feel competent to do the job properly, perhaps the services of a neighbor could be relied on, or it would be money well spent to hire someone familiar with the standard to select the best fowls. It is best to dispose of all fowls two years old, both male and female. Not many hens will lay enough eggs after they pass the two-year-old mark to pay for their keep. All disqualified pullets and cockerels should be culled out and before taking them to market feed them two weeks the following ration: Equal parts bran, shorts and corn meal moistened with milk, making a soft, mushy mixture. A little meat scraps added will help. This feed puts on flesh very fast and will more than pay for the trouble and feed.

If you want to know the disqualifications of the kind of poultry you are raising send me a two-cent stamp and I will send you the information wanted by return mail.

You want to raise better poultry for the same reason you want to raise better cattle and hogs. Put leg bands on your pullets before they get so large you can't tell them from the old hens.

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the Safe Catarrh Remedy.

The most pleasant, easiest, harmless, and the really sensible method for the cure of catarrh is Hyomei, which can be had from any drug store. Just put twenty drops of the liquid in the small inhaler that comes with every complete outfit—then breathe it. A few minutes' use almost instantly clears the head and stops that annoying sniffing.

When using Hyomei every particle of air that enters the breathing organs is charged with an antiseptic, healing balsam that destroys the catarrh germs, stops the unclean discharges from the nose, relieves the irritation and quickly heals the sore and inflamed tissues. The first day's use of Hyomei will show a decided improvement no matter how distressing the trouble.

Catarrh, which usually begins with a neglected cold, often becomes a very serious ailment, so don't wait but start using Hyomei today—it is inexpensive and Orear-Henry Drug Co. always sells it on the "No-cure-no-pay" plan.

Miss Elizabeth Ashford left this morning on a short business trip to Kansas City.
